LETTER OF RECOMMENDATION

To: Whoever it may concern

BIANOR Sp. z o.o. confirms that the D-TECH company, based in Białystok, since year 2007 provides our company with effective support services in the area of IT infrastructure.

D-TECH is a recommendable partner who will carry out the complex process of deployment of a comprehensive modern infrastructure, starting from the needs analysis, through the design, implementation and deployment, as well as the support and system administration.

Professional personnel with expert IT knowledge guarantees a high level of service, and provides comprehensive IT support under the concluded contract.

Thanks to the implementation of the original CYMMES software, we improved the management of maintenance and repairs of production equipment.

I recommend the D-TECH company as a solid and reliable partner when it comes to the implementation of investment tasks and IT infrastructure support.
